## CAREER OBJECTIVES:

I am a self-taught Front-End Developer from Bangladesh. I love to design and develop web applications while keeping User Experience in mind. Problem solving, designing clean interfaces, learning new skills and then implementing them, are things that I am passionate about.

I am currently learning **React** and am interested in a position where I can utilize my skills.

## SKILLS

- |              |             |                   |
|--------------|-------------|-------------------|
